

## Amadeus CheckMyTrip Mobile App

CheckMyTrip by Amadeus is a mobile application designed to make it easier for travellers to view the details of their trips on the go and access helpful travel tools. CheckMyTrip is your mobile travel itinerary.

### Why Use CheckMyTrip?

- ✓ View your travel itinerary on the go – from flight information to hotels and rental cars.
- ✓ Receive updates on your trip in real time such as flight delays.
- ✓ Access handy tools directly from the app such as local weather information, currency conversion and time zones.
- ✓ CheckMyTrip is free and quick to download.

### How to Download CheckMyTrip

The CheckMyTrip mobile app can be downloaded from your app store on iOS, Android, Blackberry, and Windows Mobile phones.

You can also log in to view your itinerary from a web browser by visiting [www.checkmytrip.com](http://www.checkmytrip.com)

Whether using the app or the website, simply input your booking reference and surname and your itinerary will display. Alternatively, forward your itinerary to **[trips@checkmytrip.com](mailto:trips@checkmytrip.com)**.

*Please note CheckMyTrip is not a replacement for your electronic ticket or boarding pass – it is simply a mobile itinerary application.*

### APX Product Support

If you require assistance with CheckMyTrip, please contact the APX Product Support team, who are available during business hours:
